1. Brief description of the Program

Grant: Fulbright / Fundação Carmona e Costa grant for Master in Fine Arts, Drawing.

Competition for this grant takes place every two years and selects one grantee.

2. Brief analysis of how the promotion, competition and selection process took place (planning, outreach, media, calendars, pool of evaluators, etc).

Competitions opened on February 1st and ended on March 31st.

On February 12 we offered a webinar for applicants to this grant and to the Fulbright Grant for Master's and PhD. The webinar consisted of a full explanation of the grants conditions and of the application form.

We received 6 applications and during the application process replied to inquiries from 13 students concerning this grant.

The applications and portfolios were reviewed by a panel of 3 evaluators, who selected 2 candidates for the next phase of the evaluation process – a visit to the applicants' studios. These visits were held on May 12 and the evaluators decided that the interview phase was not necessary and selected one of the applicants for the grant.

Evaluators who did the first review of the applications and the visits to the candidates' studios were:

Dr. John Huffstot, Universidade Nova de Lisboa

Filipa Oliveira, Curator

José Pedro Croft, Artist
